ALTERNATE ENERGY	
Candidates set similar goals for national energy policy, October	11
Coal Summit II prescribes energy independence as cure for oncoming energy crisis, November	39
Midwestern coal future remains dim, April	16
Ohio New York CEOs propose new national acid rain bill, October	16
Senators fail to reach compromise on clean air legislation, November	9
Stack gases could produce saleable CO <sub>2</sub> , April	33
Treating acid rain drainage, December	56A
ASSOCIATIONS (See Companies)	
AUTHORS	
Achibald, D. M., Undersea mining in northeast England, February	81
Aston, R. Lee, Recent court decisions, April	81
—Recent court decisions, July	77
—Recent court decisions, October	63
Barbare, René W., New labor contract opens door for heightened UMWA demands, June	56
Barker, Paul, British seek longwall efficiency through monitoring and control, June	44
Berry, Charles W., Think large mines have all the economic advantages? Think again, October	64A
Boyles, M.R., Fine coal recovery problems spur turnaround at Paradise, November	68
Britton, Scott G., Crisis management for coal mining, Part II, February	87
—Crisis management in coal mining: a study in tragedy, March	79
—The motivation behind the controversial 1988 wage agreement, April	90
Carr, W., British suppliers, American operators: A partnership for the future, April	28BM
Chambers, Nicholas P., Amax draglines dig more overburden with better timing, June	48
—Australian surface coal mines turn to computer-aided blasting, January(CA)	38
—High-tech products on the way from the Bureau of Mines, March	72
—Keeping tire costs down, November	87
—More products from the Bureau of Mines, April	70
—To rip or not to rip? Rock analysis can help you decide, June	63
—Versatile computer programs simplify operations, July	81
Combs, Trigg H., Longwall productivity continues upward trend, jumps 30% a year's time, August	40
Costor, Keith, A tour through China's coalfields, November	37
Cox, J.M., Fine coal recovery problems spur turnaround at Paradise, November	68
Darveaux, Albert W., What's new in coal preparation, January(CA)	44
Duscas, Denise Terry, The COAL guide to MINExpo sessions, April	49
—The COAL visitors' guide to Chicago, April	51

Eyer, David D., Underground mines continue evolution,	
ACID RAIN	
Acid Rain, January(CM)	
—Cosummit II prescribes energy independence as cure for oncoming energy crisis, November	39
EPA rulemaking threatens industrial market, September	43
Evidence impacts acid rain debate, February	49
Midwestern coal future remains dim, April	16
Ohio New York CEOs propose new national acid rain bill, October	16
Senators fail to reach compromise on clean air legislation, November	9
Stack gases could produce saleable CO <sub>2</sub> , April	33
Treating acid rain drainage, December	56A
forego revolutionary changes, August	52
Foreman, Jack, A journey through China's coalfields, August	24
Girard, Lucie, Tolling: An innovative means of financing mine equipment, January(CA)	62
Goldbeck, Larry, How to assure conveyor productivity, March	101
Harder, Paul, Dozens, draglines, and cast blasting, November	82
—Line Creek improves efficiency, April	73
Hein, A.M., Process control assures peak plant performance, October	59
Horton, Thomas R., Cost cutting or cost management, January(CM)	
—Reducing, and dismembering, March	63
—Succeeding in a global marketplace, July	89
—We can help manage growth, June	73
Jaskowski, Robert A., Longwall sheeters reverse drum rotation and show production and health benefits, September	54
Jackson, Dan, Like the Phoenix, Orchard Valley recovers from a devastating fire, September	72
—Carbon Fuels Corp. designs innovative and economical clean coal process, May	59
—The dollars and sense of selecting abrasion-resistant materials, May	37
Kall, G. William, Tests at Pine Mountain lead to improved efficiency, production, November	59
Kelley, Jonathan S., Longwall sheeters reverse drum rotation and show production and health benefits, September	72
Keller, Thomas J., Sure-fire method blasts underground overcasts, May	61
Kline, Kim, Swing angle study enables dragline to move dirt farther, cheaper, September	171
Knobel, John A., MINExpo emphasizes international participation, April	41
—MINExpo offers Coal Day, March	48
Kosya, Carl J., Blasthole timing controls vibration, airblast and flyrock, January(CM)	38
Korkmaz, Muharem, Tests at Pine Mountain lead to improved efficiency, production, November	59
Laurila, Mel J., Advanced physical coal cleaning—an update, February	81
—A sampling primer, part I, April	87
—A sampling primer, part II, May	57
—Assessing plant performance, June	53
—On-line ash analysis: the next step, January(CM)	44
—Process control assures peak plant performance, October	59
—Tracing plant performance, August	55
Lawson, Richard, CAVG—Learning to work together, July	41
—Coal remains America's best energy hope, August	29
—Coal's "secret" success story, March	47
—EPA rulemaking threatens industrial market, September	43
Evidence impacts acid rain debate, February	49
Groundwater springs up as a major issue, May	33
—Our president's major challenge, October	31
—Recent court cases prove favorable for coal industry, November	41
Lee, Hunt M., Worldwide coal prices bottom out, May	27
Makai, Howard N., Detecting stability problems by monitoring rate of roof movement, December	34
Marenda, Carl P., What's new in coal preparation, January(CA)	44
McWilliams, K., A superwall for super production, October	54
Merritt, Paul C., Column flotation research at United Coal looks to pay off, July	72
—Consol structures its management for long-term leadership, October	36
Meeks, Neel N., Linematics: A predictive tool for bad roof?, March	94
Mondale, Keith, Tests at Pine Mountain lead to improved efficiency, production, November	59
—Measuring, mining, and Coal: Getting the best from our resources, April	98B
Nolan, David, Sorting out slurry pump seals, March	86
Orynsick, J.A., 4000 tons-per-shift longwalls, December 31	
Palm, Art, Program the prep plant to make it really work for you, September	67
Peng, Syd S., Spotlight on Australian longwall mining, October	
Pitasik, Lee V., How to assure conveyor productivity, March	101
Saines, Gary P., Linematics: A predictive tool for bad roof?, March	94
Sands, Arthur P., Benafuels: A sophisticated mom-and-pop operation, May	51
—COAL AGE Award, December	42
—Consol structures its management for long-term leadership, October	36
—Expenses save money, so do good operators, May	52
—Is it a short longwall or a long shortwall, December	39
—Longwalling and Metlak, November	77
—Maintenance—A big part of the smallest operation, May	51
—Mine monitoring in America, June	
—Predictive maintenance: backbone of the giant Meigs Complex, May	34

The January issues of both *COAL AGE* and *COAL MINING* are included in this index. Items appearing in *COAL AGE* are designated with a (CA). Those published in *COAL MINING* are noted with (CM). Beginning with the February issue, all items appear in *COAL*, which incorporates both publications.

—Westmoreland scores with dump train, September	54	American Management Association, March	122	Decker Coal Co., September	16D
Schreckengost, Don, Improving screening performance, December	46	American Mining Congress, March	48	Deere & Co., November	82
—Screens govern coal processing, November	46	American Mining Congress, April	41	Delmarva Power & Light Co., March	13
Schwartz, Seth, New labor contract opens door for heightened UMW benefits, June	56	American Mining Congress, July	22	Detroit Diesel, July	60
Seegmiller, Ben L., Innovative truss supports help handle ground control problems, April	77	Anaconda Australia, February	12	DEW Resources Inc., October	18
Sims, Phil, Program the prep plant to make it really work for you, September	67	Anderson, Anderson, May	42	Diamond Shamrock Mining Co., November	1
Southerland, G.L., Fine coal recovery problems spur turnaround at Paradise, November	68	Anderson Strathclyde, June	44	DM Enterprises, July	60
Sprouts, Mark W., <i>Coal Age and Coal Mining</i> join forces, February	47	Anderson Strathclyde, July	60	Dowd, Park Industries, September	23
—Coal stocks fall with market, January(CM)	32	Anglo American, February	42	Dominion Energy Inc., February	39
—Coal stocks rebound in the wake of Black Monday, July	67	Arch of Kentucky, January(CA)	22	Dowt, July	60
—Consol structures its management for long term leadership, October	36	Arch Mineral Corp., March	66	Dresser Finance Corp., October	22
—Longwall Census '88, February	65	Arch Mineral Corp., May	20	Dresser, Jeffrey Div., July	60
—Longwall USA emphasizes methods to boost productivity, August	32	Arch Mineral Corp., June	14	Dresser, Haukip Div., July	60
—Low oil prices don't hurt coal, September	41	Arch Mineral Corp., September	171	DuPont Co., March	30
—Pon on mining—brings more coal to market, August	27	Arch Mineral Corp., November	11	DuPont Canada, March	30
—Production and consumption pull ahead while prices lag, January(CM)	22	Argonne National Laboratory, April	33	DuQuenne Light Co., August	68
—We have to tell the coal story, October	29	Arno Inc., August	64	DynaCore, July	60
Stimset, Randy A., Mine planning—unappreciated, but essential, January(CM)	41	Arthur Little Inc., January(CM)	9	Eastern Associated Coal Co., January(CA)	44
Usutmanz, Orkhan, Tests at Pine Mountain lead to improved efficiency, production, November	59	Ashland Coal Co., March	20	Eickhoff, July	60
Wacker, Ron, Ensuring hydraulic hose compatibility, August	58	Ashland Oil Co., March	20	Elmco, September	11
Walter, Edward J., Blasthole timing controls vibration, airblast and flyrock, January(CM)	38	Associated Electric Cooperative, April	7	Electric Fuels Corp., January(CA)	13
Wheeler, A., The need for heavy-duty mining equipment, April	14BM	A.T. Massey Co., March	42	Electric Fuels Corp., February	29
Whiting, Jerry M., Mine planning—unappreciated, but essential, January(CM)	41	A.T.S. Electro-Lube, April	24	Electric Fuels Corp., May	29
Zaburnow, Steven A., Byros Creek manages for survival, September	48	Babcock & Wilcox, October	67	Electric Fuels Corp., September	27
—Canadian coal: looking for holes, January(CM)	30	Basin Electric Power Cooperative, October	12	Electrical Instruments, June	44
—Going longwall from COAL PREP '88, February	52	Bechtel Construction Inc., November	16A	Electric Power Research Institute, March	28
—Is it a short longwall or a long shortwall, December	39	Bechtel Development Co., October	20	Electric Power Research Institute, March	34
—Longwalling and Mettikeli, November	39	Behre Dolbear-Riverside, January(CM)	12	Electric Power Research Institute, April	65
—Metallic fly-ash composites, October	33	Belmont Electric Cooperative, November	41	Electric Power Research Institute, April	67
—Mine monitoring in America, June	34	Benefuels Inc., May	24	Electric Power Research Institute, April	69
—Quality control and Texas lignite, January(CM)	34	BethEnergy Mines, February	50	Electric Power Research Institute, October	33
—Shoveling in a materials world, July	44	BF Goodrich, April	65	Elkay Mining Co., June	9
—Tenth annual directory of new technology, April	59	Big Horn Coal Co., January(CA)	65	Elkhorn Coal & Coke, June	27
—Yes, Quintette is alive and well and producing in northern Canada, August	42	Big Horn Coal Co., September	27	Emery Mining, April	81
<b>BENEFICIATION (See Preparation)</b>		Bituminous Coal Operators Association, February	29	Empire Energy, July	9
<b>BLACK LUNG (See Health &amp; Safety)</b>		Bituminous Coal Operators Association, March	9	Energy International Inc., October	12
<b>BLASTING (See Surface)</b>		Bituminous Coal Operators Association, April	22	Energy Transportation Systems Inc., January(CM)	10
<b>BLM (See Government Agencies)</b>		Bituminous Coal Operators Association, April	56	Energy Transportation Systems Inc., June	12
<b>BoM (See Government Agencies)</b>		Black Butte Coal Co., November	82	Enviro Resources Corp., September	32A
<b>CLEAN COAL TECHNOLOGIES</b>		Black Hills Corp., January(CM)	32	Engineered Instruments, July	60
Acid Rain, January(CM)	16	Blue Diamond Coal Co., September	11	Enron Corp., March	26
Advanced physical coal cleaning—an update, February	81	Boliden Allis Inc., March	39	Ensinger-Bickford Co., April	63
Carbo Fuel Corp. designs innovative and economical clean coal process, May	54	Borg-Warner, July	60	Esso Resources Canada, September	48
CAWG—Learning to work together, July	41	Borg-Warner Industrial Products Inc., May	72	Explosives Technologies International, March	30
Clean coal funding and DoE research, February	39	BP America, July	60	Exxon Coal & Minerals Co., September	16D
Clean coal projects get \$1M Ohio funding, March	39	Bridgestone Corp. of Japan, April	26	Exxon, January(CM)	17
Competition announced for project funding, May	71	Bridgestone (U.S.A.), March	30	Exxon, March	41
DoE announces \$16 billion budget, April	26	British Coal, February	27	Exxon, March	42
DoE program aimed at bridging gap from theory to reality, October	12	British Coal, April	41	Exxon, July	33
From Washington, January(CM)	13	British Coal, April	37	Firestone Tire & Rubber Co., April	26
From Washington, January(CM)	14	British Coal, April	37	Florida Power & Light Co., June	16
Ontario Hydro weighs plan to reduce stack emissions, April	33	British Coal, April	37	Foster-Miller, September	72
Stack gases could produce saleable CO <sub>2</sub> , April	33	British Coal, April	37	Foster-Wheeler Power Systems, October	2
<b>COAL-OIL (See Utilization)</b>		British Coal, June	28	Frederick United Coal Mining Co., June	34
<b>COAL-WATER (See Utilization)</b>		British Jeffrey Diamond, June	44	Frederick-Kenner, July	60
<b>COGENERATION (See Alternate Energy)</b>		Bucyrus Erie, April	44	Gamma-Metrics, July	60
<b>COMPANIES AND ASSOCIATIONS</b>		Burlington Northern Inc., August	65	Gas Research Institute, May	65
Ace Cogeneration, July	30	Burlington Northern Railroad, March	22	Gates Rubber Co., August	58
Ag-Renewal, July	60	Burlington Northern Railroad, June	13	General Electric, March	122
Alabama Electric Cooperative, May	72	Burlington Northern Railroad, June	13	Georgia Power Co., September	30
Alabama Power Co., March	9	Burlington Northern Railroad, November	12	Georgia Power Co., November	16
Alabama Power Co., April	16	BW Mechanical Seals, March	14	GE Transportation Systems, January(CM)	9
Alabama Power Co., August	9	Carbocoal, January(CM)	17	Giangiorgio Scientific Co., June	34
Allied Signal, March	122	Carbocoal, March	41	Green Coal Co., September	178
Amaco Coal Co., January(CA)	44	Carbocoal, March	42	Green Coal Co., October	18
Amaco Coal Co., February	37	Carbones de Colombia (Carbocoal), March	13	Green River Coal Co., November	26
Amaco Coal Co., April	13	Castle Gate Coal Co., July	30	Gruendler Crusher & Pulverizer, April	33
Amaco Coal Co., June	81	Caterpillar Inc., March	26	Gulf Power Co., February	39
Amaco Coal Co., June	48	Caterpillar Inc., June	63	Gulf Power Co., June	70
Amaco Coal Co., September	16D	Carboline Industries Inc., June	11	Gulf Power Co., August	60
Amaco Inc., September	25	Chevron Corp., May	10	Gulf Power Co., October	16D
American Bituminous Power Partners, February	32	Chicago & Northwestern Railroad, January(CM)	10	Hale Development, July	60
American Commercial Barge Line Co., August	15	Chicago & Northwestern Railroad, June	9	Hanna-Beric, April	61
American Commercial Terminal Co., March	18	Citizen's Organized Against Longwalling, November	28	Harlan Bell Coal Inc., October	21
American Electric Power Service Corp., January(CM)	32	Coal Association of Canada, September	15	Harnischfeger Corp., March	30
American Electric Power Service Corp., February	29	Coal Network Inc., January	15	Harnischfeger Corp., July	60
American Electric Power Service Corp., March	39	Coal Network Inc., April	16	Heitzer Phenolics, July	60
American Electric Power Service Corp., June	12	Coal Ridge Fuels Inc., July	16	Helen Mining Co., December	39
American Electric Power Service Corp., September	25	Coal Screen Australia, April	68	Hi-Flame Coal, April	81
American Electric Power Service Corp., September	25	Coat Tech Corp., October	12	Hoesch MFD, April	62

UMWA and OCAW fail to reach merger agreement, May	22
UMWA strike Deserado mine, April	22
Union workers strike four Arch mines in Kentucky, June	12
Western Fuels, UMWA reach agreement; Deserado strike ends, July	9
Westmoreland, UMWA agree on hiring policy at new mine, July	12
Wyoming production sets record, job level falls, September	14
<b>LEGISLATION &amp; REGULATION</b>	
Acid Rain, January(CM)	16
BLM adds new category to guides for coal royalty rate reductions, October	20
Candidates set similar goals for national energy policy, October	11
Coal Summit II prescribes energy independence as cure for oncoming energy crisis, November	39
Court approves Kaiser sale to Pittsburg & Midway, April	20
Court battle over longwalling leads to state high court, November	28
Court rules mine owner must pay wage for safety-related closings, May	9
Cross Indian coal exempt from state severance tax, April	13
Death tax on off-highway vehicles take effect, June	11
Death tax bill withdrawn from Senate committee, November	9
ETA seeks judgement against railroads for project failure, November	12
Future of underground safety lamp flickers, June	37
Government subsidies questioned, February	41
Groundwater springs up as a major issue, May	33
High Court allows state vs. state suit, September	30
High Court to review black lung litigation, April	24
High Risk Worker Notification Act removed from Senate floor, June	11
Hot coal issue cooks broker in lawsuit, September	178
Illegal mining likely to increase, January(CA)	11
Indiana files suit to collect surface mining penalties, June	17
Indian tribe receives funds from state severance tax, August	69
Judge ordered to re-evaluate Powder River Basin leases, June	20
Jury awards state \$200 million, rules rail co. guilty of conspiring, June	25
Kentucky companies dispute validity of coal leases, October	18
Kentucky high court invalidates tiny tax on unmined coal, April	9
Kentucky property tax questions should be resolved soon, February	25
Montana sets new production record, April	24
Negotiators agree on language for U.S.-Canada Trade Agreement, July	9
Ohio, New York CEO's propose new national acid rain bill, October	16A
Our president's major challenge, October	31
Peabody settles Indian royalty dispute, February	9
Peabody to pay TVA \$2.5 million in audit dispute, May	13
Price closing bill approved without presidential okay, October	22
P&M withdraws offer for Kaiser's York Canyon Mine, August	62
Property tax on reserves to become reality in Kentucky, September	16A
Proposed trash-disposal bill could hurt coal in Florida, January (CA)	21
Recent court cases prove favorable for coal industry, November	41
Recent court decisions, April	81
Recent court decisions, July	77
Recent court decisions, October	63
Senate okays incentive for use of alternative fuels, November	32
Senate looks for modifications in free trade agreements, July	18
Senators fail to reach compromise on clean air legislation, November	9
So. Africa study, U.S. legislators confirm sanctions, September	32D
Staggers Rail Bill defeated by Senate committee, November	12
State DoE to stop extending inactive status, November	30
State high court rules on employee firing case, June	9
Suit filed against MSHA in mine explosion case, June	27
Two utilities settle dispute over supply to Consol mines, November	24
UMWA hits Consol with \$2-million lawsuit, August	9
Utility files suit to end contract with Jim Walter, August	9
Western Fuels files for disclosure of rail contracts, June	12
Wyoming files suit against Oklahoma over coal-burn law, July	12
Wyoming loses \$16M tax suit, March	14
